GOOD BRICK AWARDS

The mission of Greater Houston Preservation Alliance (GHPA) is to promote the preservation and appreciation of Houston's architectural and cultural historic resources through education, advocacy and committed action, thereby creating economic value and developing a stronger sense of community.

Since 1979, Greater Houston Preservation Alliance has presented the Good Brick Awards to recognize leadership and excellence in historic preservation, including renovation, restoration, adaptive reuse of commercial and residential buildings, as well as project planning, publications, heritage tourism, heritage education, and preservation of monuments, parks, and landscapes.

In conjunction with the Good Brick Awards, American Institute of Architects, Houston Chapter, presents the Twenty-five Year Award and Fifty Year Award honoring distinguished architecture of lasting value.
